### Workshop description

*Workshop Title: Teaching for life-long learning—our observation and reflection*

It is our common understanding and responsibility to teach for students' lifelong learning. What are the basic qualities and key abilities of lifelong learning? How to cultivate students' abilities and qualities through our classroom? These are the issues we should pay attention to. This workshop will be based on the case analysis and reflection of classroom teaching observation in Pao School, and explore the strategies and methods to guide students to establish good interpersonal relationship and enhance their learning ability.
